GSW High Gloss Onyx - 9034

The image displays three vertical panels of GSW High Gloss Onyx stone. The central panel is a light pink color with a network of thin, darker pink veins. To its left is a white panel with light beige veins, and to its right is an orange-brown panel with darker, more prominent veins. A semi-transparent grey bar with white text is positioned horizontally across the middle of the pink panel.

GSW High Gloss Marble Panel - 9065

The image displays a full-page view of a dark brown marble surface. The pattern is characterized by a dense network of fine, irregular white veins that crisscross the entire area. A semi-transparent grey rectangular box is positioned horizontally across the middle of the image, containing the product name and code.

GSW PU Marble - 3M957

GSW PU Marble - 3M958

GSW PU Marble - 3M959

The image shows a vertical section of a PU Marble sample. The pattern is a dense, vertical wood-grain or marble effect, with alternating light beige and dark brown/grey streaks. A bright, horizontal light reflection is visible across the upper-middle portion of the sample. To the right of the main sample, there is a lighter, more uniform area with four green arrows pointing upwards, indicating a different surface or layer.
